

About CCF

THE CALIFORNIA COMMUNITY FOUNDATION SEEKS TO REALIZE THE PROMISE OF LOS ANGELES COUNTY AND ENSURE ALL ANGELENOS HAVE THE OPPORTUNITY TO THRIVE. WE ARE COMMITTED TO HELPING DONORS DISCOVER THEIR PASSIONS AND BRING THEIR CHARITABLE VISIONS TO LIFE, IN L.A. AND AROUND THE WORLD.

For more than 100 years, the California Community Foundation (CCF) has worked to transform generosity into impact and create a stronger future for Los Angeles County. Working closely with donors, nonprofits and community partners, we seek to change systems, address root causes and improve the quality of life for all L.A. residents, especially the most vulnerable.

Since 2000, we and our donors have granted more than \$3 billion, transforming communities in Los Angeles and across the globe. CCF is home to more than 1,600 funds, with assets of nearly \$1.7 billion. Every dollar we grant represents a donor's legacy, and a dream for lasting change. Please join us **in building Los Angeles together.**

MISSION

Lead positive systemic change to strengthen Los Angeles communities.

DONOR IMPACT

We partner with thousands of donors to streamline the philanthropic process and allow them to focus on the joy of giving. Whatever their cause, our expert staff can help donors create the change they envision. CCF's personalized services create a partnership, allowing donors to maximize their impact on the causes they care about most. These services include:

- Customized Giving Plans

PRIORITY IMPACT

In 2015, we pledged to give **\$1 billion** to L.A. nonprofits by 2025. Focusing on education, health, housing and immigration, we seek to empower and uplift the communities we serve. We strive to be more than a grantmaker, using strategic approaches like civic engagement, lending and sustainability to help our partners increase their effectiveness and address the root causes of persistent social issues.

education Quality education unlocks minds and opens doors so that we can know more, do more and be more – as workers, community members, leaders and even parents. By ensuring access to high-quality education that prepares students to succeed from preschool through college, we are making a smart investment in our future.

health Health care and prevention services have an enormous impact on our quality of life. This is especially true for children, low-income families and those with chronic medical and mental health issues. By expanding access to health insurance, preventive care and community clinics we can create healthier outcomes for everyone.

housing When people have homes they can afford and the opportunity to change their economic futures, families and neighborhoods thrive. By combatting homelessness, expanding the supply of affordable housing and empowering local businesses to create jobs, we seek to improve the quality of life of all Angelenos and help communities take control of their own destinies.

immigration L.A. is a beacon for those who dare to dream. The hard work, commitment and creativity of new Americans defines our culture and has made us one of the world's largest economies. By protecting and empowering immigrant communities, we seek to ensure that all Angelenos have a voice in their communities and can contribute to our shared prosperity.
