

CALIFORNIA COMMUNITY FOUNDATION

INVESTMENT POLICY STATEMENT FOR THE

CAPITAL PRESERVATION POOL

*ADOPTED BY THE INVESTMENT COMMITTEE
MARCH 4, 2021*

The purpose of this Investment Policy Statement is to set forth the goals and objectives of the California Community Foundation (the "Foundation"), and to establish guidelines for the implementation of investment strategy for the Foundation's financial assets which are invested for short-term total return and which the Committee has designated as the Capital Preservation Pool ("the Pool"). The Pool is comprised of permanent funds and donor advised funds. The Foundation recognizes the potential for highly fluctuating withdrawal amounts from donor advised funds.

This Investment Policy Statement shall become effective upon adoption by the Investment Committee (the "Committee") of the Foundation. The Committee recognizes that a stable, well-articulated investment policy is crucial to the long-term success of the Foundation. As such, the Committee will develop and implement this Investment Policy Statement with the following goals in mind:

- To clearly and explicitly establish the objectives, policies and constraints that govern the investment of the Capital Preservation Pool assets,
- To protect the financial health of the Foundation through the implementation of this stable long-term investment policy.

I. California Community Foundation Goals

The Foundation is a nonprofit grant making foundation benefiting a wide variety of community-based nonprofit organizations throughout greater Los Angeles County. The Committee of the Foundation views the assets held in the Pool as designed for short-term purposes. The Committee is also cognizant of the Foundation's central philanthropic purpose, which is to be consistently responsive to the current and changing human needs of greater Los Angeles County.

The Committee may choose a corporate custodian, trustee and/or investment counsel to provide services necessary to perform its obligations as set forth in the policy statement.

The Investment Committee acknowledges that within commingled accounts or mutual funds, it may not have the ability to direct the specific inclusion or exclusion of securities, and that ESG considerations are only one of many considerations in retaining or selecting investment strategies. However, the Committee intends to consider environmental, social, and governance issues in its decision making process.

The Committee will use best efforts to source and evaluate suitable minority, women, and Los Angeles managers.
