

A COUNTY IN CRISIS

Every night, nearly 66,000 Angelenos go to sleep homeless, enough to fill Dodger Stadium. The California Community Foundation (CCF) is focused on ending this crisis, working with partners to help build 10,000 housing units over ten years as a first step to providing homes for all in need in our community.

INVESTING IN INNOVATION

As part of our commitment, CCF is investing \$6 million in innovative solutions proven to make a permanent impact. Since 2015, more than two dozen CCF donors joined our efforts and invested over \$5 million in a pooled fund that helps builders advance new supportive housing developments. We are inviting donors who are passionate about ending homelessness to join this exciting network.

HOME L.A. LOAN FUND

The Home L.A. Loan Fund is a one-of-a-kind, risk-free charitable investment option focused on fighting homelessness in Los Angeles County. Donor investments are pooled and used to provide three or five year seed capital to organizations building permanent supportive housing units for the chronically homeless. By jump-starting the process, this capital accelerates the pace and scale of production, creating more homes for our neighbors who need them most.

RISK-FREE INVESTMENT IN A BETTER L.A.

CCF has served Los Angeles County for over a century and is one of the region's largest providers of program related investment loans.

All Home L.A. loans are guaranteed by CCF. At the conclusion of the loan, 100% of the initial investment is returned to the donor's fund, from which any or all of it can be directed back into the Home L.A. Loan Fund or to the charitable fund or organization of the donor's choosing.
